COMMENTS:

- ① Denise Watts and I performed unannounced compliance inspection. None of the gunitr trucks were on jobsites. All of them were parked on the plant property.
- ② The silo was not in use. None of the trucks were filled during the inspection.
- ③ Informed Dale Alexander of reasonable precautions that can be taken at the shell rock area. No visible/fugitive emissions were noted during the inspection. Winds were 3-5 miles/hour. Mr. Alexander appeared to be unfamiliar with reasonable precaution concepts.

④ observed no gunitr process activities during the inspection.

⑤ Part III, above: Department files are incomplete
