**COMMENTS:** Three non-compliance issues that need to be corrected. First issue, the facility need to register under new ownership. Inspector discovered that Kays, Ponger and Uselton took ownership Southeastern Crematory. Secondly, the facility need to get MSDS sheets for the medical examiner's bags that they burn. Finally, the facility need to separate human charts. Department recommends the charts be filed seperately or have the charts identified from which crematory was used.

Non-compliance letter will be issued.
