Inspector's Signature	Approximate Date of Next Inspection	
<b>COMMENTS:</b> The Inspector, Norma Ali met with Dax Dawson, Plant Operator and Kent Bottorf, Consultant from Bottorf Associates, Inc. to audit the annual compliance inspection on three emission points.		
Opacity observed on all three EUs was zero percent, the loading rate was greater than the permitted 25 tph. No objectionable odors or PM was observed leaving the property. The facility appeared to be in compliance at the time of inspection.		
This inspection was their third attempt due to malfunctions of equi	pment and truck scheduling.
