COMMENTS: Assefa Hailemariam from Orange County (EPD) met Zach Beatty, representing Beatty Environmental, as well as Terrance Hawkins, Plant Manager for Cemex, at 4010 Forsyth Road, Winter Park Florida. Four VES were audited on this date which are on cement silo(EU001 and 2), fly ash silo(EU003) and loadout/mixer(EU006). All the loading rates were with acceptable and observed opacity was zero percent for all four emission units. All the main roads inside the facility were dry, no dust or PM was leaving the property. No water truck was observed operating during the inspection. Inspector advised the facility Plant Manager, Mr.Hawkins, of this observation.
