COMMENTS: DEP representatives stopped at the facility twice and left a business card on the front door. No one was at the facility and it's unclear if the facility is operating. Representatives looked in sunbiz and found that the company is still active. DEP called and left two voicemails and sent an email. DEP did not receive a call or email back from the facility. Pursuant to reviews online, it appears as if the facility was operating in May 2013 but DEP representatives could not find more recent information.
