- There are no hazardous waste containers on site at this time.
- The facility contact is maintaining the calendar, by recording zeros monthly for the Perc purchases and usage totals. The calendar states no Perc usage.
- I observed the Perc reservoir at the base of the dryer. I can not determine if there is any liquid perc still in machine.
- The permit was renewed and will not expire until 7/23/2011. Mr. McNamara is not sure if they would ever use the equipment again.
- This facility is in compliance at this time.
