COMMENTS: In a compliance inspection conducted on 4/25/2012, AQD staff (E.Susky) observed operations at One Price Dry Cleaners. The owner (Luis Cuestas) and the manager (Juan Bastillo) were present for the inspection. This facility is still operating under the old owner (Jast, Inc.) and the hazardous material license needs to be changed to FAMBCo, Inc. The facility also needs to obtain their FDEP general permit for Perchloroethylene Dry Cleaners. Housekeeping was good and the drums of hazardous materials are stored in secondary containment. The REMA vacuum was also observed to be in secondary containment.
