COMMENTS: In a compliance inspectin conducted on 1/31/2007, AQD staff observed activities at Payless Quality Cleaners. This facility has one dry-cleaning machine that was constructed before 1999 and is not required to have a chiller/condenser. AQD staff was accompanied during the inspection by Bernadette Carrnelius and her husband. AQD staff let Mrs. Carmelius know that the housekeeping was o.k., but could be improved (remove lint around machine).
