**COMMENTS:** In a compliance inspection conducted on 12/5/2011, AQD staff (E.Susky) observed operations at Payless Quality Cleaners. The facility has one PERC dry-cleaner. Ms. Bernadette Carmelius (owner) was present during the inspection. Houskeeping was okay. The REMA vacuum had containment beneath it and the drums of hazardous materials had accumulation start dates denoted on them. Ms. Carmelius was able to demonstrate her PERC leak detector. However, she did not have her FDEP calendar available.
