Subject:

Failure to submit Perchloroethylene Dry Cleaner Air General Permit Registration Form

The Permitting Section refers the following for enforcement review:

On October 15, 2007 the Department conducted a re-inspection of the above facility.

1. During the inspection it was found a new owner has taken over the facility as of February 2006 and did not send in a new registration form.

Rule 62-213.300(3)(a) States

The duration of this general permit is five years. No later than 30 days prior to the fifth anniversary of the filing of intent to use this general permit, the responsible official shall submit a new notice of intent which shall contain all current information regarding the facility. The general permit is not transferable and does not follow a change in ownership of the facility. Prior to any sale, other change of ownership, or permanent shutdown of the facility, the responsible official shall notify the Department.

This facility is located on 4205 Little Road, New Port Richey Fl 34655.

COMMENTS: Visited site spoke with counter person Nancy Wilkerson. She immediately called Manager Karen Gilmore and I spoke with Ms. Gilmore on the phone. Ms. Gilmore explained the owner (Angello Rossello) was out of town today and she thought Mr. Rossello had a permit because they applied for one after the last inspection on August 21, 2007. Ms. Gilmore also stated that Mr. Rossello took over took over this facility in February 2006. Calendar supplied by the department is used for recordkeeping. A copy of the registration form was left with Nancy Wilkerson. I also left a field warning notice explaining the permit expired 07/22/2006 and checked the box operating w/o a permit. No permit registration available for inspection, perc in use. Referred to enforcement.
