Mr. John C. Stephens J&D Cleaners 5198 Stewart Street Milton, Florida 32570

Dear Mr. Stephens:

On March 29, 2012, a Department representative with the Air Resource Management Program inspected your facility, ID 1130155. A copy of the inspection report is enclosed. The inspection and a review of Department records indicate the facility was in compliance at the time of the inspection for those items specifically noted in the inspection report.

Please note that authority to operate this facility expires on July 21, 2012. To avoid lapse of authority to operate, an owner or operator intending to continue to use an air general permit must submit the proper registration form and processing fee at least 30 days prior to expiration of the facility's existing air operation permit or air general permit. Information and forms can be found at the following website: http://www.dep.state.fl.us/air/emission/drycleaners.htm.

This letter applies only to activities covered by the Air Resource Management Program. If you have any questions, please contact Chris Stoll at 850/595-0654 or e-mail christopher.stoll@dep.state.fl.us.

Sincerely,

Carol Melton

Air Compliance Supervisor
