**COMMENTS:** On June 26, 2008, I conducted an unannounced compliance inspection at the Destin Cleaners located in Okaloosa County. I met with Belinda Singleton, who showed me around the facility and provided me with the records that are being maintained for the machine. The perchloroethylene dry cleaning machine was not in operation at the time of the inspection. No compliance issues were noted during the inspection.

As a Reminder: On July 31, 2008, the Department sent an e-mail to: destindawn@cox.net, to remind Destin Cleaners of the July 28, 2008 timeframe to begin using a halogenated hydrocarbon detector or PCE gas analyzer and to submit, by registered mail, a notification of compliance status. The Department has not received a response from Destin Cleaners. A copy of the July 31, 2008 letter is attached to this inspection report as is a notification form, developed by the Small Business Environmental Assistance Program (SBEAP), to assist you in complying with requirements. Failure to comply with the requirements may result in an enforcement action.
