**COMMENTS:** On June 10, 2010, Ms. Danielle D. Owens visited the subject facility to conduct a Level 2/Multimedia compliance inspection . The following potential non-compliance issues were discovered: 1) Mister not in secondary containment. 2) Floor surrounding perc machine and hazardous waste storage area not rendered impervious to solvent.

On June 28, 2010 the facility submitted doucmentation demonstrating that potential non-compliance items corrective actions had been completed.
