**COMMENTS:** In a compliance inspection conducted on 3/25/2011, AQD staff (E.Susky) observed operations at Derektor Gunnell. The facility is a boat marina/yard and conducts bottom painting work, touch up and some very small patch up resin work on medium to large yachts. Mr. Galloway Sethby meet AQD staff at the gate and will be submitting the VOC records. Ms. Diane Diedrick accompained staff on the inspection. Houskeeping was good and the facility is adhering to the Marina BMP.
