COMMENTS: •During the inspection of the facility, I met with Mr. Richard Rich the facility contact.

- Mr. Rich stated they do not do any laundry services at this facility, and is still a drop store only.
- The Responsible Official, Yasmin Esmail was not at this shop, works over in Tampa.
- Mr. Richard Rich stated the owner has not been able to get the dry to dry machine fixed.
- The dryer does not appear to have been in operation for a long time. There continues to be boards and materials lying against the machine, and blocking the access to door for operation. (See photo)
- I did not detect perchloroethylene odors during observation of the dryer.
- The calendars for 2006 and 2007 are blank. The only notation in the calendars is comments' stating the dryer is not being operated. I advised the contact to continue to mark in 2008 calendars the dry cleaner is still not in operation. I gave him information for link to Calendar, and suggested he just make a comment on the month of January the machine will not be operated in 2008.
- I informed him that as long as the dryer remained on site, and the permit does not expire until 2010, an annual inspection would be made to observe the machine is not in operation.
- I Informed Mr. Rich that the Annual Certification form, had to have Ms. Esmail's signature and should bet mailed back to our office.
- I gave him my business card, the P2 booklet, the calendar info, the water separator treatment info.
- 1/29/2008 I called 813-963-0699 and spoke to a clerk at the other Quick Cleaners in Tampa. I left another message for Mrs. Esmail, and requested she sign and mail in the annual certification.
