Describe Facility may be operating without entitlement.

Reasons for enforcement action: _____ Date of Discovery: 5/08/2007

An annual inspection was conducted at Asian Cleaners on 5/8/08 by Wanda Parker-Garvin. All emission units and associated records were found to be in compliance other than the Air Permit. The owner, Ms. Chau McAfee, stated that the previous year's inspector was supposed to send her an application for renewal, however she never received it. She was not aware the permit had expired. Ms. Parker-Garvin told Ms. McAfee she would put an application in the mail to her, however there may be further actions taken in regards to the entitlement lapsing.

Based on the inspection, the facility is in violation of Rule 62-213.300(1)(a), F.A.C. because the entitlement expired on 10/05/2007 and has not been renewed.
