**COMMENTS:** The inspector, Assefa Hailemariam met with Mr. Shakarji, the dry cleaner owner, for American Cleaners of Winter Park at 849 South Orlando Ave., Orlando, Florida, on March 25, 2014. Mr. Shakarji provided perchloroethylene (perc) purchase records and FDEP Compliance Calendar Worksheet for review. A halogen leak detector was on site, and the dry cleaning machine was not operating at the time of the inspection. Mr.Shakarji stated the dry cleaning machine has not operated since January 6, 2014. Inspector noted some of the dry cleaner machine parts were removed which verified the per machines was not operated. Mr. Shakarji stated that the dry cleaning machine will be moved in the near future. The facility appears to be in compliance with their air permit.
