**COMMENTS:** On February 25, 2011 I visited this facility to conduct the annual compliance inspection. On site I met Carlos Gonzalez, the owner of the facility. No leaks were detected in the Dry Cleaning Machine. Perc purchase receipts and yearly perc consumption records were available. Halogen leak detector was available in working condition. I reminded Mr.Gonzalez that his entitlement has expired on October 10, 2010. Mr.Gonzalez insisted that he sent out the entitlement application.
