COMMENTS: On April 06, 2010 I visited this facility to conduct the annual compliance inspection. On site I met Mr. Ravi Kurani, the owner of the facility. No leaks were detected in the dry cleaning machine. Perc purchase receipts and yearly perc consumption records were available. Also, Halogen leak detector was in proper working condition. An Aerotech USA dry cleaning machine, Model # 410 was in used in this facility, but the Hoffman 2010 dry cleaning machine was not in used.
