COMMENTS: On August 21, 2009 I visited this facility to conduct an annual compliance inspection. Upon arrival I explained the purpose of my visit to the Help Desk Personal. He called the laundry personal and told me that someone would come to escort me to the facility. However, after waiting for half an hour and calling three times, Mr.Wilbert Diaz, Assistat Laundry Manager, assisted me with the inspection. On site I saw a Laundry personal trying to fill out the 2009 Compliance Calender. I advised her that this Calender has to be filled out on a regular basis. No leaks were detected in the dry cleaning machine. Also, Halogen leak detector was available. An FNOV was issued for no perc receipts and no yearly perc consumption records.
