COMMENTS: On June 10, 2009 I visited this facility to conduct an annual compliance inspection based on a request by Mr. Ray Gordon.On site I met Eduardo Baella, the owner of the facility. No leaks were detected in the dry cleaning machine. Perc purchase receipts and yearly perc consumption records were available. Halogen leak detector was available I reminded Mr.Baella that his entitlement was expiring on July 23, 2009 and I handed him Air General Permit Notification Form.
