Cindy,

Happens to the best of us! The Department has made a note of the rescheduled date but since the 15 day prior notification requirement has been met, no Department approval for this new date is required.

Have a nice day,

Good afternoon, Ladies!

Attached to this email message is the reschedule notification letter for visible emissions at J L Locke & Company which have moved from tomorrow to August 11th. Boy, is my face red! I called to confirm the tests with Mr. Locke just a little while ago - he never received the notification letter. Sure enough - I couldn't find a copy of the fax transmission so the reschedule is my fault.

Sorry!
