COMMENTS: Facility has a new owner, Joong Kim, who purchased the facility in October 2006. Owner has already been contacted by DEP Air Resource Staff in Tallahassee to inform hin that he needs to submit an application to receive a new Dry Cleaning General Permit. Owner will then submit the permit application to DEP's Tallahasse office for processing. Also discussed with the new owner EPA's requirement for using a halogen leak detector device to conduct leak checks at the facility by July 27, 2008 as this facility is considered an existing dry cleaning source.
