COMMENTS:

This inspection was initiated from complaint # 12032. The complainant was concerned about the settling ponds at the concrete plant contaminating the ground the water in the area of his home. I let Mr. Kitchen know that the Industrial Water Section of our Department regulates the ponds and I could put him in touch with one of the inspectors or I could forward the complaint to them. Mr. Kitchen did not want to do either one. Now he wanted to discuss the smell from the Asphalt Plant. See complaint # 12032 and C.W. Roberts inspection (Facility ID 7775176) dated 10/20/2010 if you would like more information.
