**COMMENTS:** Lawrence Ross, Hazardous Waste inspector, conducted the inspection for this facility on 1/10/2012. The facility's Responsible Official, Victor Ortiz, uses another dry cleaner's halogen leak detector weekly to detect leaks, as well as using perceptible leak detection methods. The facility was found to be in compliance with their air permit requirements at this time. This inspection was reviewed and entered by Ilka Bundy on 1/17/2012.
