COMMENTS: Facility has changed ownership and needs to submit a new Air General Permit application as soon as possible but within 30 days. New owner (Ed Daneri) was given the application and faxed the new address at the DEP Tallahasse office on where to submit (mail) the permit application. Also corrected PERC rolling 12 month total to 158.6 gallons. S/S/M Plan for the facility needs to be updated to include a narrative description on how the facility will handle PERC spills and cleanup of the spills.
