**COMMENTS:** Owner stated that the machine has not been operating since September of 2007, showed documentation. Clothes are sent out nothing is dry cleaned on the premises. Owner could not provide documentation that she is checking for leaks around the machine monthly. Owner also stated that she has not adquired a Halogen Leak Detector. Explained to her that she needed to obtain a Halogen Leak detector or borrow one from someone who might have one to check for leaks around the machine. The machine has been broken since September of 2007, owner does not have the money to fix the machine at this time. The new permit has her name as the owner of the Dry Cleaner.
