COMMENTS. Linearest delia facility on 09/19/2011 Lea	allied to Me Moniel Condelanie and mallied around the facility						
	alked to Ms. Mariel Candelaria and walked around the facility						
Candelaria bought this facility on August 1 st , 2011 from Sujata Patel and actually started running the facility a week after. But the permit is still under previous owner's name, so they were told to apply for a new permit. Permit notification form was left at the							
time of the inspection.							
They did not have the registration certificate, but she had the registration certificate from her other drycleaner that she closed a week							
ago. she was told to transfer that registration certificate to this drycleaner. One of the hazardous waste containers did not have a							
secondry containment. So she was told to have a secondry containment for that container as soon as possible. No records were seen							
at the time of the inspection. She stated that the prvious owner	r did no have any records. As of today (09/12/11), there are	e no					
records that department has received the permit application.
