**COMMENTS:** In a compliance inspection conducted on 06/18/2012, AQD staff (E.Susky) observed operations at Cable Marine West. Mr. Alex Reyes (yard manager) accompanied staff on the inspection. The hazardous material storage area was properly maintained. Mr. Reyes stated that the marina is moderately busy. Workers were observed conducting bottom work on different yachts. The marina conducts bottom work and painting in the yard and in the on water bays. The facility was observed to properly boom the yachts when they are conducting work in the on water bays and adhere to the marina BMP (Best Management Practices). Mr. Reyes will have the main office submit the VOC records.
