COMMENTS: In a compliance inspection conducted on 2/12/2013, AQD Staff (E. Susky) observed operations at Living Color, Enterprises. The facility makes imitation coral for large scale aquariums. Mr. Jose Blanco accompanied staff on the inspection. The facility has two large spray booths, one small parts booth, haz-materials storage area, and one drying oven. The housekeeping was good and Mr. Blanco requested a further inspection to go over his polyester resin usage before submitting it to the department.
