Mr. Jay Yoo, Owner HighTech Cleaners 304 Northeast Eglin Parkway Fort Walton Beach, Florida 32548

Dear Mr. Yoo:

On November 4, 2009, a Department representative with the Air Resource Management Program inspected your facility, ID 0910088. A copy of the inspection report is enclosed. The inspection and a review of Department records indicate the facility was in compliance at the time of the inspection for those items specifically noted in the inspection report.

As a reminder, please note that authority to operate this facility expires on April 21, 2010. To avoid lapse of authority to operate, an owner or operator intending to continue to use an air general permit must submit the proper registration form and processing fee at least 30 days prior to expiration of the facility's existing air operation permit or air general permit.

This letter applies only to activities covered by the Air Resource Management Program. If you have any questions, please contact Carol Melton at 850/595-8300, extension 1228 or carol.melton@dep.state.fl.us.

Sincerely,

Einen Mitchell

**COMMENTS:** Mr. Yoo indicated that he hired Cecil Swain, Dry Cleaning & Laundry Sales & Service, to check his machine every Monday for leaks.

Mr. Yoo also indicated that his employee Gaspar Luna uses the halogen leak detector as an aid to check for leaks at least each month.

Mr. Yoo signed an Annual Compliance Certification Form as being in compliance for the year. Although our records indicate that Mr. Yoo had already submitted a notification, I requested he fill out the one time notification to EPA & FLDEP. Mr. Yoo graciously filled out and signed the voluntary form.

On 11/5/09 at 12:20 PM, I telephoned the facility and spoke to Gaspar Lunar to remind them that their drycleaner permit or registration expires in April 2010. To avoid lapse of authority to operate, an owner or operator intending to continue to use an air general permit must submit the proper registration form and processing fee at least 30 days prior to expiration of the facility's existing air operation permit or air general permit.

I explained that the instructions for renewing their permit may be found at http://www.dep.state.fl.us/air/emission/drycleaners.htm .
