COMMENTS: On June 19, 2012, Department personnel conducted a compliance assistance visit at High Tech Cleaners in Okaloosa County. The Department would like to thank Mr. Jay Yoo for his assistance during the visit. Mr. Yoo informed me that they began using a hydrocarbon machine in February 2011 and no longer use perchloroethylene. Mr. Yoo allowed me to visually inspect the back of the facility and no perc machine was onsite. Mr. Yoo will send an email to the Department requesting that the air general permit be closed.
