**COMMENTS:** On April 20, 2010 I visited this facility to conduct the annual compliance inspection. On site I met Ms.Melisa Mendieta, the manager of the facility. This facility is working as a drop store. However, it has a dry cleaning machine that has been out of service for a long time. No leak was detected in the dry cleaning machine. The owner does not wish to remove the machine in order to keep her permit active. Therefore, an FNOV was issued for expired entitlement.
