COMMENTS: In a compliance inspection conducted by AQD staff (E. Susky and Josie Cisneros) oberved operations at Bathroom World Mfg. The facility has a spray booth, bag house system, lay-up room, sanding room, hazardous materials storage and offices. They manufacture hot-tobs and sinks. They currently have a general permit for polyester resin. Mr. Mike Matheson (manager) accompanied AQD staff on the inspection and submitted records of polyester resin uage (56, 850 lbs of gelcoat and resin).

The booth was adequate and maintenance was o.k. The baghouse was properly maintained and the facility has improved since last years inspection.

No other items of environmental concern were noted.
