COMMENTS: New owner (Mr. Dan Ruehlman) took over establishment three weeks ago did not know that he needed to send a completed application to the Florida Environmental Protection Department. I provided Mr. Ruehlman with an application and told him to send or fax me a copy of the completed application for our records. I also informed Mr. Ruehlman that he needed to obtain a halogen leak detector to check for leaks around his machines. He has started to use the calendar and he has kept all receipts of perchloroethylene (perc) purchased. The new establishment will be call the Four Seasons Dry Cleaners. He has cleaned up the facility and he is very interested in learning the Dry Cleaning business.
