**COMMENTS:** In a compliance inspection conducted on 2/28/2012, AQD staff observed operations at Nautical Furnishings. The facility has one spray booth and one dust collector. Mr. Joakim Hjornhede (manager) accompanied AQD staff (E.Susky) on the inspection. The facility makes wood ornamentation and finishings for the Outback Steakhouse and Red Lobster chain. Houskeeping was good and no pressure treated wood is utilized. Mr. Hjornhede will be sending VOC records to the department. The facility has consistently been below their permit threshold.
