**COMMENTS:** On February 28, 2012, a compliance inspection was conducted at the Gulf Coast Pet Crematory located in Escambia County. The cremation unit was not in operation at the time of the inspection. During the inspection, the owner/operator of the cremation unit provided me with records of the continuous temperature measurements for the previous 12-month period and documentation of the composition of the cremation bags. Testing for visible emissions was last performed on November 2, 2011. During the 30-minute Method 9 test, 0% opacity was observed.
