COMMENTS: The OCEPD inspector, Norma Ali, met with Katherine Chumley, who is in charge of all the environmental activities of the Concrete batch plants in Florida, formerly owned by Florida Rock and bought by Argos USA on March 7, 2014, the change of facility's owner name in ARMS, was done in Tallahassee on 3/17/14. The current permit was transferred to the new owner. The inspector met with Ms. Chumley to audit the annual compliance test being conducted on the silo EU001. The observed opacity was 0%, and the loading rate was 28.93 TPH, this is above the minimum loading rate of 25 TPH. The facility's yard was very dry, no PM was observed leaving the property. No objectionable odors were noted during the compliance test.
