**COMMENTS:** In a compliance inspection conducted on 04/27/2007, AQD staff observed activities at Midnight Express, Inc. This facility makes boats by utilizing molds and laying up polyester resin/gel coat. AQD staff was accompanied by Eric Glaser (owner). Mr. Glaser stated that they have 7-10 boat molds and many other smaller molds. Houskeeping was not that good and AQD staff informed Mr. Glaser of this. Mr. Glaser than submitted his resin usages and he was over his permit threshold. Mr. Glaser was informed that he would be receiving a Warning Notice for violating his permit and the application to go a higher permit.
