Limit not to exceed: 80 20.0 8.0

1. Emissions calculations usage no retention or control emission factors.
2. If VOC or HAP emissions are approaching the limits listed to the right, and non-registration air permit application should be submitted.
3. If new raw materials are used, please contact Amy Litscher of RSV Engineering, Inc. (920) 674-3411 or update the spreadsheet as necessary.
