Re: Charlotte County – AP
Colonial Construction, Inc.
Facility ID No. 0150094

Dear Mr. Mellor:

On September 13, 2011 an inspector from the Department was at the above referenced facility to witness a compliance test. During the test the inspector noted that your flyash tanker truck was emitting visible emissions from its center top hatch. Your facility's mechanic attempted to repair the leaking hatch but was unsuccessful. Your crusher test was also postponed due to an approaching rain storm.

You are requested to repair the hatch of your fly-ash tanker so that it would not leak during the tanker unloading. Also, please reschedule the visible emission test for your fly-ash silo and the crusher before the end of calendar year 2011 and notify the Department again.

Should you have any questions, please call Sherrill Culliver at (239) 334-5629.

Sincerely,

Ajaya K. Satyal
