Summary of Conversation/Meeting:			
<p>On March 5, 2008 I called Ms. Koogler to ask "which facility she was submitting the VE report", the block plant or the ready mix plant. She explained it was the block plant. I further explained that if the name on the report cover letter is correct "block plant", then the facility ID is wrong. It should be 0170371. Block Plant Facility ID # 0170371 Ready Mix Plant ID# is 7775190</p> <p>I also let Ms. Koogler know that Gulf Coast Ready Mix, Inc. only needs one permit at this site because both plants are on the same property. I also explained that the 7775190 facility is not a relocatable and that the Compliance Supervisor said it would be ok to leave both permits until time for a renewal. This information was given to the owner and the engineer Neil Lotgren on 12/12/2007 during the inspection. I talk to Neil on my cell phone while still on property.</p>

\*This letter pertains to Concrete Block Plant  
VE - AIRS# for that facility is 0170371  
(Not 7775190) (RM)

05

0170371

Also the facility # for the facility they were using in error - was also wrong - was listed as 1117 51900-001-Ac. - if repeatedly combined an extra zero (0) at the end.

(This was actually the results of the VE tests)

- (1) letter dated Dec. 5, 2007 (Rec'd DEP 12/10/07)
- (2) letter dated Dec. 19, 2007 - was OK as no AIRS # given
- (3) letter dated Jan. 23, 2008 - (Rec'd DEP 1/23/08)
- (4) letter dated Feb. 27, 2008 - (Rec'd DEP 2/28/08)
