COMMENTS: In compliance inspection on 7/20/09 (6/24/manager was out), AQD staff observed operations at Sonny's Enterprises. Mr. Mike Bauer accompanied staff on the inspection. The facility operates one spray booth and paints parts for car wash booth assembly. The housekeeping was excellent and the spray booth was well maintained. VOC records were submitted by Mr. Bauer and the facility has not exceeded their permit thershold. Record-keeping was also excellent. Facility utilizes a solvent recycler, as well.
