Date of Inspection

COMMENTS: In a compliance inspection conducted on 09/27/2010 AQD staff observed activities at Sonny's Ent. Inc. The facility make car was assemblies. The facility has one spray booth that is well maintained and houskeeping is excellent. Mr. Michael Bauer accompanied staff on the inspection. The facility also has one vat/tank of phosphoric acid for rinsing off different parts and a large tank of water. It is a closed loop system. Mr. John Payne (manufacturing manager) provided the MSDS sheet for the material in the tank.
