COMMENTS: In a compliance inspection conducted on 10/31/2012, AQD staff (E. Susky) observed operations at Sonny's. The facility manufactures and paints car wash equipment. They utilize one spray booth. Mr. John Payne accompanied staff on the inspection. Mr. Walter Haltenhof submitted VOC records to the department. The highest month was August, 2012 at 34.97 lb/VOC per day. This is below their permit threshold. Housekeeping was very good and the booth is properly maintained.
