Inspector's Name (Please Print)	Date of Inspection			
	1/2014			
Inspector's Signature	Approximate Date of Next Inspection			

COMMENTS: On January 8, 2013 I visited this facility to conduct the compliance inspection. On site I met Jorge Eraso, the manager of the facility. This facility is currently manufacturing Fishtanks, Lobster Traps, and Dolphin ponds. The combined quantity of Styrene containing resin and gel-coat used was approximately 5,000 pounds in the consecutive 12 months period.
