COMMENTS: The inspector Norma Ali, met with Dart Morales, consultant from Grove Scientific and Dan Cherella, facility representative to audit the visible emission test on one silo. The opacity observed was zero percent. The loading rate was 28.6 tons per hour. The yard is mostly dirt and was wet close to the silo area and the middle of the yard. No objectionable odor was noted and no particulate matter was observed leaving the property. The facility appeared to be in compliance at the time of inspection.
