On September 12, 2013, EPA Method 9, Visible Emission Testing was conducted at Akin-Davis Funeral Homes, Inc. Labelle Facility, FID 0510031 located at 560 E Hickpochee Avenue in Labelle, Florida.

The test was performed in order to comply with the requirements as specified in the Air General Permit Registration Form.

The test was conducted by Matthew Welborn, a certified Visible Emission Evaluator. A copy of the certification is attached.
