Dear Ms. Boyd:

Thank you for your note concerning your Title V air general permit annual operation fee payment. The Division of Air Resource Management received your note on December 12.

The Department deposited your \$50.00 check (#2487) for the 2002 annual operation fee on December 10. Prior to this payment, a \$50.00 payment was deposited on January 9, 2002 for the 2001 annual operation fee. Your annual operation fee payments for the Title V air general permit program are up to date.

The Division of Waste Management also receives an annual payment from drycleaning facilities participating in the perchloroethylene contamination cleanup program. I checked with our Bureau of Finance and Accounting and your check (#2472) for \$100.00 was applied to the waste program. If you have any questions concerning your payment status with the Division of Waste Management, you may contact Ms. Lida Schwetz at 850/245-8836.

Title V air general permit facilities are tracked by a unique number (AIRS ID# 0050067). The Division of Waste Management tracks its facilities with a separate number.

If you have additional questions concerning the Title V air general permit program, please contact me at 850/921-9583.

Sincerely,
