Material Usage Rates

If this is an **initial registration** for a reinforced polyester resin operation, provide an estimate of the total quantity, in pounds, of styrene-containing materials (resin and gelcoat) expected to be used over a 12-month period. Note: the general permit limits the usage of such material to 76,000 pounds (38 tons) in any consecutive 12 months.

If this is a **re-registration** for a reinforced polyester resin operation, provide the highest 12-month total quantity, in pounds, of styrene-containing materials (resin and gelcoat) used in the last five years. Indicate the 12-month period over which this usage occurred.

Description of Facility

Below, or as an attachment to this form, provide a description of the reinforced polyester resin operations at the facility in sufficient detail to demonstrate the facility's eligibility for use of this air general permit and to provide a basis for tracking any future equipment or process changes at the facility. Describe all air pollutant-emitting processes and equipment at the facility, and identify any air pollution control measures or equipment used.

The highest twelve month usage was in May of 2007. The twelve month total was 75917 lbs. This high number was due to several molds that were being built and were in addition to our normal operation.

DESCRIPTION OF FACILITY

Glasstream manufactures fiberglass center console fishing boats. We use low styrene emitting resins and gelcoats. We have one gelcoat system and one fiberglass chopper system, that are low volume air spray systems.

Subject: Reinforced Polyester Resin Operations Air General Permit Registration Form - AIRS ID# 0050077-004, GLASSTREAM INC

Dear Ms. Kruis Retherford,

It was a pleasure talking with you today regarding the subject-item and the form we received for re-registration of your facility on 10/01/2007. During the review it was noted that Page 7 was not included and therefore your application not complete.

I have included the link below (.pdf file) so that you may download and print a new copy of the form. You need not complete the whole form. Retrieve page seven (7), complete it, fax it to me at (850) 922-6979 and I will attach to your original application to make it complete.

The end of the thirty (30) day review period is 10/30/2007, so I must have the information as soon as possible, but no later than 10/29/2007 in order to avoid having to deny your entitlement.

Thank you for your attention in this matter.

Have a great day, and a SAFE one!

Sincerely,

Dickson E. Dibble
